

# School Schedule

## May 11- May 15

**Remember to save the schedule on your computer so you can click on the links and go right to the lesson. (Anything underlined and in blue is a live link)**

**Parents:** The Nearpod lessons are an online interactive learning lesson. Some slides do need supervision in instruction and follow through.

**The GoMath** link is a Powerpoint that is interactive, Scroll down to the lesson for the day. Click on the top pictures and they will link you to Math on the spot is a video for the days lesson(this is the one they love), picture of the gray mouse (is a game that reviews skills learned), listen and draw is the lesson papers you can download if you lose your work packet.

**\*Please guide your child through lessons and papers, but do not do it for them. Example: let them sound out the words and write what they hear. We are not looking for perfection, just skill improvement.**

**Distance Learning Bingo** a fun online Bingo Game it takes you to many fun sites that are fun and safe.

**This week's lessons are fun and easy, please do your best drawings and send a picture of them to your teacher.**
