

School Schedule April 20-April 24

Remember to save the schedule on your computer so you can click on the links and go right to the lesson. (Anything underlined and in blue is a live link)

Parents: The Nearpod lessons are an online interactive learning lesson. Some slides do need supervision in instruction and follow through.

The GoMath link is a Powerpoint that is interactive, Scroll down to the lesson for the day. Click on the top pictures and they will link you to Math on the spot is a video for the days lesson (this is the one they love), picture of the gray mouse (is a game that reviews skills learned), listen and draw is the lesson papers you can download if you lose your work packet.

***Please guide your child through lessons and papers, but do not do it for them. Example: let them sound out the words and write what they hear. We are not looking for perfection, just skill improvement.**

[Great without Touching Fun](#)
